THE TARO PLANT furnishes a complete food on which man can live without other diet. No other food possesses this feature. Its merit as a food is told in the fine physiques of the Hawaiian.

TAROENA is a concentrated food made from taro. It is cooked, ready for instant use. It will keep without change. The ease by which this food will be assimilated by the weakest stomachs, places it in the front rank as a complete food for the invalid and the infant.

TAROENA has undergone a rigid test in the United States during the past year. It has been tried by physicians, in hospitals and sanitariums and proved beyond doubt to possess all the merit that we claim for it. Physicians are prescribing it freely in their practice wherever we have introduced it. Its value to the medical profession is evidenced by the letters which we are receiving from doctors. Some of the letters are voluntary; others we asked for.

Get our new direction leaflet. It tells more about Taroena. When you need a food for your baby, or a diet for yourself, when stomach is out of order,

Try TAROENA.
